Politics &

Business Studies

Curriculum Information, Intent and
Map

Hutton Church of England Grammar School

Staff:

Mr T Mansfield: **Subject Lead**

Mr J Hill

Mrs H Allan

Intent:

The Business, Economics and Politics curriculum at Hutton Grammar School allows students to understand how the wider world works. In a climate where studying of Business and Economics are becoming an increasing rarity, it is imperative that students have access to these subjects as it allows them to develop their preparation for work and their cultural capital. For example, through looking at taxes and payslips students gain an understanding of deductions and where this money goes, allowing them to gain an insight into how society works whilst understanding something that most people only realise when they receive their first payslip. All of which ensures that students leave us as responsible members of society. The subjects are naturally applicable to real life and current affairs, with this student's knowledge of Business, Politics and Economics is up to date and allows them to learn the best that has been thought and said. The curriculum promotes intellectual curiosity with students being encouraged to critique ideas and theories, developing their ability to think for themselves. Our knowledge rich curriculum provides consideration of the role of the law and the government in making judgements about what is just. This is embedded in Mark 8:36:

‘For what does it profit a man to gain the whole world and forfeit his soul?’

Curriculum Map: Business

Year	Half term 1	Half term 2	Half term 3	Half term 4	Half term 5	Half Term 6
We follow the Edexcel GCSE specification.
