*2019 National figures for boys are not yet available, but all our $\%$ attainment and progress scores will be significantly above National.

Progress 8 aims to capture the progress a pupil makes from the end of key stage 2 to the end of key stage 4 . Progress 8 is a relative measure, therefore for all mainstream pupils nationally; the average Progress 8 score is zero. A positive score indicates that the student has achieved better than expected progress across 8 subjects (including English and Maths).
